The 1st task.

Tell us about New Year’s Day in different countries. От каждой команды выступление о праздновании Нового года в Нью-Йорке, Италии, Австралии, Японии. 6-7 мин.

New York.

In this city a lot of people gather in Times Square and watch the “Big Apple”. The “Big Apple” isn’t a real apple. It is a moving picture of an apple on a side of one of the big buildings Time Square. Every New Year’s Eve during the last few seconds before midnight it starts to “fall” down the building, and when it gets to the bottom it’s the start of the new year.

Japan.

In this country housewives start to cook special food for the New Year’s Day and the members of the families do a big cleaning up. The idea is to get rid of the past year dirt, and welcome the new. On the television or on the radio you can hear 108 bells. The 108th bell rings just a second before the midnight. The people say: “Happy New Year”!

Australia.

This country is sometimes called “the upside down world”. It lies in the Southern Hemisphere. During the Christmas holidays people often sunbathe on the beach or swim and surf in the ocean. On the 31st of December many people go to the country for the picnic. In January the temperature ranges from 20 to 30 C above zero or higher.

Italy.

In this country it can be dangerous to have a walk at night at the end of December. People usually throw the old things from the house through the window: broken cups and plates, old clothes and boots and sometimes different pieces of furniture.
